Professional Summary

As a skilled Web Developer and Graphic Designer, I specialize in creating innovative digital solutions that meet the evolving needs of modern businesses. With expertise in both web development and graphic design, I excel in building and managing websites, custom web applications, and visually engaging designs using technologies like WordPress. I am dedicated to delivering responsive, user-friendly, and high-performance web experiences that seamlessly integrate design and functionality to drive business success.

Skills

- Web Development: HTML, CSS, JavaScript, PHP, MySQL, WordPress

- Front-End Development: Responsive Design, UI/UX Design

- Graphic Design Tools: Photoshop, Illustrator, Figma, InDesign

- Other Technologies: After Effects, Premiere Pro

- Soft Skills: Team Collaboration, Problem-Solving, Project Management

Education

BSCS – Arid University, 2024

FSC- New Age College, 2020

Notable Projects

E-Commerce Clothing Website

- Designed and developed a full-stack e-commerce website using HTML, CSS, JavaScript, PHP, and MySQL.
- Implemented essential features like secure checkout, a dynamic product catalog, and an admin management panel for efficient product and order management. https://ecommerce-psi-tawny-19.vercel.app/

Family Tree Website

- Built a family tree management platform with admin and user interfaces using PHP and MySQL.
- Integrated image uploads and a responsive design for seamless usability.

Portfolio Website

- **Created reusable components** like Header, Projects, and Contact using **React** to ensure a dynamic and modular portfolio.
- **Used React Router** for navigation and **Tailwind CSS** for responsive, visually appealing design.
